DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 9/22/09 has been entered.

Rejection Repeated

1. The 35 U.S.C. 102(b) rejection of claims 1,3 anticipated by Sunagawa et al. has been repeated as previously made in office action 11/2/05.

As to new limitation in claim 1, " the active material is optionally subject..." is an optional limitation.

As to new claims 4-5 were derived from claim 1 therefore are rejected under 102(b) anticipated by Sunagawa et al. as previously made in office action 11/2/05.

Election/Restrictions

Newly submitted claims 6-8 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: claims 6-8 are directed to method limitations.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for

Art Unit: 1795

prosecution on the merits. Accordingly, claim*** withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Conclusion

This is a request for continued examination of applicant's earlier Application No. 10715525. All claims are drawn to the same invention claimed in the earlier application and could have been finally rejected on the grounds and art of record in the next Office action if they had been entered in the earlier application. Accordingly, **THIS ACTION IS MADE FINAL** even though it is a first action in this case. See MPEP § 706.07(b).

Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no, however, event will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
